

ORDINANCES OF SECESSION.

Alabama Ordinance.
AN ORDINANCE TO REPEAL THE UNION BETWEEN THE STATE OF ALABAMA AND THE OTHER STATES CALLED UNDER A COMPACT STYLED THE UNITED STATES OF AMERICA.

Whereas, The election of Abraham Lincoln and Hannibal Hamlin to the office of President and Vice President of the United States of America, by a sectional party, avowedly hostile to the domestic institutions, peace and security of the people of the State of Alabama, following upon the heels of the many and dangerous infractions of the States and people of the Northern section, is a political wrong of so insulting and menacing a character as to justify the people of the State of Alabama in adopting prompt and decided measures for their future peace and security—

Therefore, be it declared and ordained by the people of the State of Alabama, in Convention assembled, That the State of Alabama now withdraws, and is hereby withdrawn from the Union, known as the United States of America, and hereafter ceases to be one of the United States; that she is, and of right ought to be, a sovereign and independent State.

SECTION 2. And be it further declared and ordained by the State of Alabama, in Convention assembled, That all powers over the territory of the said State, and over the people thereof, heretofore delegated to the Government of the United States of America, be, and they are hereby withdrawn from the said Government, and are hereby resumed and vested in the people of the State of Alabama. And as it is the desire and purpose of the people of Alabama to meet the slaveholding States of the South who approve of such purpose in order to frame and revise a form of government upon a permanent basis, upon the principles of the Government of the United States

be it also resolved by the People of Alabama in Convention assembled, That the States of Delaware, Maryland, Virginia, North Carolina, South Carolina, Florida, Georgia, Mississippi, Louisiana, Texas, Arkansas, Tennessee, Kentucky and Missouri, be and are hereby invited to meet the people of the State of Alabama, by their delegates, in Congress, on the 4th day of February next, at Montgomery, in the State of Alabama, for the purpose of consultation with each other, as the most effectual mode of securing concerted, harmonious action, in whatever measure may be deemed most desirable for the common peace and security.

And be it further Resolved, That the President of this Convention, be and is hereby instructed to transmit forthwith, a copy of the foregoing Preamble, Ordinance and Resolutions to the Governors of the several States named in the said resolutions.

Done by the people of the State of Alabama, in Convention assembled, at Montgomery, this 11th day of January, one thousand eight hundred, and sixty-one.

The Preamble, Ordinance and Resolution were adopted by ayes 61, nays 39. After the adoption of the Ordinance, the Hall was opened to the people. A splendid flag made by the ladies of Alabama, was conveyed to the President's stand, and formally presented to the Convention through Mr. Yancey, in name of the daughters of the State. Mr. Yancey made a patriotic and stirring address on the occasion.

We, the people of the State of Florida, in Convention assembled, do solemnly ordain, publish and declare, That the State of Florida hereby withdraws herself from the Confederacy of States existing under the name of the United States of America, and from the existing Government of said States, and that all political connexion between her and the Government of said States ought to be and the same is hereby totally annulled and said Union of States dissolved and the State of Florida is hereby declared a sovereign and independent Nation; and that all Ordinances heretofore adopted, in so far as they create or recognize said Union, are rescinded; and all laws or parts of laws in force in this State, in so far as they recognize or assent to said Union, be and they are hereby repealed.

Well done for the young State of Floridians.

Mississippi Seceding.
It is stated that the scene in the Convention of secession was reported by the Committee and came up for consideration, was highly impressive and solemn. The following is the ordinance, as reported:

An ordinance to dissolve the union between the State of Mississippi and other States united with her under the compact entitled "The Constitution of the United States of America."

The people of Mississippi, in Convention assembled, do ordain and declare, and it is hereby ordained and declared, as follows, to wit:

Section 1. That all the laws and ordinances by which the said State of Mississippi became a member of the Federal Union of the United States of America be, and the same are hereby, repealed, and that all obligations on the part of the said State, or the people thereof, be withdrawn, and that the said State doth hereby resume all the rights, functions and powers, which by any of said laws and ordinances were conveyed to the Government of the said United States, and is relieved from all the obligations, restraints and duties incurred to the said Federal Union, and shall

be a Free, Sovereign and Independent State.

Section 2. That so much of the first section of the Seventh Article of the Constitution of this State as requires members of the Legislature, and all officers, both Legislative and Judicial, to take an oath to support the Constitution of the United States, be, and the same is hereby abrogated and annulled.

Section 3. That all rights acquired and vested under the Constitution of the United States, or under any act of Congress passed in pursuance thereof, or under any law of this State, and not incompatible with this ordinance, shall remain in force, and have the same effect as if the ordinance had not been passed.

Section 4. That the people of the State of Mississippi hereby consent to form a Federal Union with such of the States as have seceded, or may secede, from the Union of the United States of America, upon the basis of its present Constitution of the United States, except such parts thereof as embrace other portions than such seceding States.

The yeas and nays were ordered. Slowly the Secretary called the roll, and each member responded in a tone that indicated deep, intense emotion, but a firm and earnest purpose. Tears gathered in the eyes of nearly every actor and spectator of the solemn ceremony. When the roll was completed, and the President announced the result—ayes, eighty-four; nays, fifteen—a profound silence for some time prevailed.

THE BIBLE.
The holy Book, is all divine,
To man in mercy given,
Its truths all radiant and benign,
With beams of living lustre shine,
And guide the path to heaven.

Upon this life's uneven way,
As we are swiftly driven,
It sheds a bright, celestial ray,
It points to an eternal day,
And bids us strive for heaven.

If grief's dark shadow o'er us fall,
Like sable robe of even,
If gloomy doubts the heart assail,
How sweet the cheering accents fall,
Look up, 'tis bright in heaven!

It soothes the anguish of the heart,
By sin and sorrow riven,
Its rays divine sweet peace impart,
Alay the poisoned in ward smart,
And whisper, Peace is heaven.

When earthly friends and comfort die,
How blest the promise given!
It shows a home beyond the sky,
And bids us, Alas, Father, cry,
To Him who is in heaven.

To all who in its truths confide,
A hope divine is given;
That they through grace shall firm abide,
And every threatening storm outside,
And rest, at last, in heaven.

What though the surging billows roar,
What though by tempests driven,
The raging storm will soon be o'er,
And they shall reach that peaceful shore,
Where shines the light of heaven.

And when the earth is veiled in gloom,
When mould'ring graves are given,
Then rising from the opening tomb,
Arrayed in life's immortal bloom,
With songs ascend to heaven.

CHEROKEE REMEDY

One to Three Days

An Infallible Cure for Gonorrhea

And all Diseases of the Urinary Organs.
THIS Remedy cures when all other preparations fail. It is entirely unlike every other compound, containing no mineral poison or noxious drug, as it is prepared solely from Roots, Bark and Leaves, and has been handed down from one generation to another by the Cherokee Indians. It is offered to the public on its own intrinsic merits. It performs its duty quickly and thoroughly. The unfortunate of either sex will be repaid by using this Remedy instead of placing themselves at the mercy of some Quack or Pretensor. This Remedy strikes the very Root of the disease, its tendency is not simply to expel the poison, but to remove the cause on which it depends. Full directions in pamphlet form accompany each bottle. The speedy and permanent relief afforded by this Remedy, in all cases of Gonorrhea, Gleet, Gravel, Stricture, Fluor Albus, (White in Females), and all Diseases of the Urinary Organs, has astonished the most scientific men of the age. This remedy not only eradicates all poison from the system, but imparts the most delicate constitution. It does not affect the breath or interfere with any class of business, or require any deviation from the usual diet. It requires no assistance from other medicine. And what enhances its value, is the entire absence of all noxious taste, being a pleasant and delicious syrup.

Scrofula or King's Evil.

Is a constitutional disease a corruption of the blood, by which this fluid becomes vitiated, weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused; by mercurial disease, low living, disordered or an unhealthy food, impure air, filthy habits, the depressing vice, and, above all, by the venereal infection. Whatever be its origin, it is here flung in the constitution descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by disposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which renders the blood impure, deprives the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have less power to withstand the attacks of other diseases; consequently, vast numbers perish by diseases which although not scrofulous in their nature, are rendered fatal by this taint in the system. Most of the consumption which decimates the human family, and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and the blood is undermined by it. To cleanse it from the system we must turn to the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

Ayer's
Compact Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times has devised for this every-where prevailing and fatal malady, and which has been discovered for the expurgation of this disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptions and skin Diseases, St. Anthony's Fire, Rose or Erysipelas
